[www.cdaonline.org](http://www.cdaonline.org)

\*Please Note: The Colorado Dental Political Action Committee (CODPAC) and the Colorado Dental Small Donor Committee (CDSDC) give bipartisan contributions to support state legislators who help advance dentistry in Colorado. The first \$50 given to CODPAC each year will be directed to CDSDC. A dentist may give only \$50 to CDSDC each year, but CDSDC can give more than 10 times as much as CODPAC to support state legislators, making it a powerful political tool. Any additional funds contributed in a calendar year will be directed to CODPAC, up to the CODPAC giving limit of \$525 per election cycle. Contributions to CODPAC and CDSDC are not deductible as charitable contributions for tax purposes.

ADPAC raises money to support federal legislators who understand the importance of dentistry and are committed to the enhancement of oral health. ADPAC is designed for only CDA members. \$5,000 is the maximum allowable annual contribution for ADPAC. Prohibited contributions will be returned. All donations to ADPAC should be made from personal accounts. Contributions from corporate or business accounts cannot be accepted. Contributions are strictly voluntary and members can choose not to give without threat of reprisal or retaliation.

Contributions to CODPAC, CDSDC and ADPAC are not tax-deductible. The FEC and secretary of state require that certain information on each donor (name, address, occupation, name of employer) be collected and reported to the agency.

# CREATING A UNIFIED VOICE FOR DENTISTRY

The Colorado Dental Association Political Action Committee (CODPAC) and the Colorado Dental Small Donor Committee (CDSDC), together with the American Dental Political Action Committee (ADPAC), work to protect and promote the interests of the profession of dentistry in Colorado and Washington, D.C. By supporting candidates who understand the value of organized dentistry, we can accomplish our goals and ensure continued growth and success. Together, we are strong!

## Three reasons our PACs are essential:

1. Healthcare is one of the most regulated professions by the government.
2. It is our duty to advocate for fellow dentists and the patients we serve, and CODPAC, CDSDC and ADPAC combined are the resources we need to do just that.
3. Our partnership program with ADPAC gives us a stronger voice that can be heard by policymakers.

## These resources allow us to take a stand on 10 critical issues currently facing our profession:

1. Ensuring favorable outcomes on revisions to the state dental practice act and dental regulations
2. Improving the environment for delivery of dental services to ensure access-to-care, including addressing insurance reforms needed to address current systemic inequities
3. Addressing inadequate benefits for patients who seek dental care from out-of-network dental providers
4. Addressing inadequate annual maximum payment limitations in dental plans
5. Preventing dental plans from dictating fees for non-covered services
6. Simplifying administration and improving reimbursements by the state Medicaid dental program
7. Establishing fair standards for dentist rating systems use by dental plans
8. Helping authorize additional funding for state loan forgiveness programs
9. Working to create tax incentives for dentists who offer preceptor services in rural and underserved areas
10. Utilizing community water fluoridation issues to further increase CDA's statewide and local leadership among oral health stakeholders

**CODPAC, CDSDC and ADPAC make a difference in our daily practices by influencing legislation at the state and federal levels.**

**Your participation determines our strength and success. Help us make an impact today by showing your support!**
