CHECKUPS FOR CHILDREN

Thor Boswell, 8, opens wide for X-rays of his teeth by clinical assistant Casey Lansing, left, during a free dental exam and cleaning Friday at Dr. Makala Hubbell's Lowry Family Dentistry. More than 4,000 uninsured Colorado children received free dental education and treatment from about 500 dentists, hygienists, assistants and students in the Give Kids A Smile one-day program. *Andy Cross, The Denver Post*
